

JBC CLMS-A8

Brushes for CLMS

[Ask for a demo](#)

Search ▼

These motorized brushes work with the CLMS Junior Tip Cleaner and provide uniform cleaning to the soldering tip in order to improve its thermal transfer.

Their composition, size and thickness of the fibers ensure the most efficient and least damage while cleaning the tip.

They start working when the operator press the button of the cleaner. A continuous operation mode is also possible.

Supplied in boxes of 2 units.
