## Automatic with Metal Brushes

Product Application Map

News

Perform a thorough and **strong cleaning to recover the tip** increasing heat transfer. CL1008 Metal Brushes supplied provides a **deep cleaning**.

CLMU **sensor triggers brush rotation** when tip approaches and **automatically stops** when the tip is removed.

Is also available CLMUP Automatic Tip Cleaner equipped with CL2008 Fiber Brushes that provides a **gentle cleaning**, specially recommended in **regular usage** to improve tip life.

CLMU helps to keep the work area free of Foreign Object Debris (FOD).

**Don't believe us... TRY IT!**
