

JBC DPM

Manual Solder Paste Dispenser

JBC

Precise dosage ideal for SMT rework.

DPM is the perfect accessory for precision solder paste dispensing for reworking the smallest components.

Thanks to its design, the **finger-contact point is very close to the point of application**. In addition, DPM ensures a smooth feed of the solder paste and the application of a precise dosage **for small and difficult-to-access components**.

This type of dispenser is **ideal for soldering multi-pin SMD components with hot air**.

DPM is compatible with a large variety of needles and tips for the highest dispensing precision. **It can use 3cc or 5cc capacity syringe barrels**.

See **needle range** for the highest dispensing precision.

(Solder paste and needle not included)

REFERENCE

DPM-B

PRODUCT COMPOSITION

- 1 DPM Manual Solder Paste Dispenser
- 2 SB03CC 3cc Syringe Barrel
- 2 SB05CC 5cc Syringe Barrel

SPECIFICATIONS

DIMENSIONS AND WEIGHT

Accessory	130 x 66 x 16 mm / 0.05 kg. 5.12 x 2.60 x 0.63 in / 0.11 lb.
Package	155 x 55 x 45 mm / 0.07 kg. 6.10 x 2.17 x 1.77 in / 0.16 lb.
